HEARINGS IN THE DISTRICT COURT.

Judge Howell Defends Estate of Minors From Dissipation.

IMPROVEMENT OF OGDEN CITY

Urged by Real Estate Association—Boulevard Proposition—G. A. R. Encampment May 10.

Ogden, April 5.—The attorneys for the defense in the case of A. J. Stone, administrator of the estate of Joseph Murray, who was killed in the Azusa wreck, against the Union Pacific company, had a special jury venire drawn of 15 names from which to select a jury to hear the case. All day yesterday was occupied in securing a jury satisfactory to both sides. In all 22 jurors were called to the box before the eight men to pass judgment on the evidence and law in the case were selected. The jury as sworn in is as follows: Fred Massa, F. S. Browning, E. M. Allison, Sr. Frank R. Watkins, Joseph Itavon, George Griffith, Benjamin Dinsdale and John W. Shupe.

The taking of the testimony for the prosecution was commenced this morning and will occupy several days. In the matter of the application of the guardian of Annie Voss et al, minor, for the approval of the final account for the maintenance of the minor heirs, by their father, Herman Voss, the court refused to grant the same. The father wanted \$8 per month for each of his children out of the estate left them by their dead mother, for their support. Judge Howell said in part:

"It seems to the court that this is one of the most outrageous requests that has ever been made to this court. This petition asks that an able bodied man receive out of the small estate belonging to his children, not exceeding the sum of \$900, in one year considerably over one-third of the value for the maintenance of the children. It might as well be said once for all that the court cannot be imposed upon in any such fashion, and that this request, or any other like request that may be made of this court, will be summarily refused. I propose that this estate shall be conserved for the use of these children in case of any unforeseen circumstances arising which will make it absolutely necessary for their support, and at any rate that it shall be preserved until such time as it may be used for the education of the children. The order of the court will be that the guardian, James Harrop, shall not be discharged from his duties as guardian until such time as he shall

have collected from the father the interest on the loan made to him in full and accounted for the same. Upon his doing so he may be discharged and his bondsmen exonerated, but not until then.

It is further ordered that said guardian shall assign to the newly appointed guardian the note and mortgage which he now holds as such guardian.

In the matter of the estate and guardianship of Stephen Keogh, a minor, the court appointed Hannah Keogh his guardian. The young man has an interest in an insurance policy held by his deceased father valued at \$5,500.

FOR CIVIC IMPROVEMENT.

Real Estate Men Meet and Pass Resolution Favoring Local Improvements.
